Frequent failures that NEET adolescents encounter in their lives definitely do not affect the increase of motivation. On the contrary, every situation in which they did not succeed in making a brick to the wall, which in time begins to be separated from society. It is the wheel that is constantly driving, they start to believe that no action makes sense.

Just give yourself a chance and believe that you can succeed. For this you will need unlimited motivation. How to achieve it? Just 10 simple steps. We invite you to read and try the method. Guaranteed success! "10 ways to unlimited motivation" (Michał Pasterski)
