### C3 - short staff mobility for training aim - day 2

The second day of the meeting was spent very effectively and creatively.

The activities began with a presentation of our hosting organization - C.I.P Citizens in Power - that presented the implementation of their "Drop in!" Erasmus+ project, as well as the overview of local NEET youth situation. After the presentation all participants were involved in discussions on social inclusion, empowerment and development of young NEET competencies, through active civic participation.

The second part of the day was dedicated to discussions on available non-formal education tools in the context of youth work with NEET and young people with fewer opportunities. Participants compared challenges faced by youth workers in a national context, indicating particular differences and similarities.

The day was very successful.
