I like cakes!

I like cakes is a great, fast print & play card game created originally in Polish by Halpress Media and then translated to English by EnglishLab.

This game is a great inspiration for us. It was made by people from our hometown - Leszno. Watch the [review](#) and then just simply print and play it!

You can download this game from this website: <http://edukacja.leszno.eu/placki-english.pdf>
