

Open Learning Experience (OLE) Transnational Project

Praxis Europe has been involved in a project exploring migration, young people and language learning. The project was a KA2 Transnational Cooperation project involving partners from Spain and Italy. The Spanish partner was called Cazalla Intercultural and the Italian partner was called Replay Network & the UK partner was South & City College Birmingham (SCCB). The project is funded by the Erasmus + programme.

The project lasted over a couple of years and featured a number of mobilities to Rome, Lorca and the UK. Colleagues met and had meetings discussing roles, responsibilities and what the intellectual outputs are. Tasks were divided and partners worked on a project manual and lesson plans. The manual is a guide for teachers & educators to support them when working with young people who are from migrant backgrounds and are learning the language of the country they have moved to.

All partners undertook conferences and dissemination activities.

The final evaluation meeting took place in February 2020 in Rome, where the educator's manual was presented, and reflections took place related to the journey and work undertaken.
